

**Gecko - Gold Coast and Hinterland Environment Council Assoc Inc**

Has much pleasure in inviting your organisation's members  
To participate in

## 'Countdown' - Climate Action 350

11am-1pm

Saturday 24th October 2009

Currumbin Estuary Beach (adjacent to Alley car park)

This international global event is occurring in 141 countries around the world.

**Countdown - 350** is the Gold Coast event.

The objective is to send a message to world leaders that the community expects  
effective action at the Climate Change Summit in December.

The aim is to raise awareness of the need to reduce CO<sub>2</sub> emissions to 350 parts per million.  
350 ppm CO<sub>2</sub> is what science reveals is necessary for the continuation of a healthy planet.

The event features a group photo of people forming the figure 350; music,  
350 free plants for 350 suggestions to reduce CO<sub>2</sub>, environmental beach games.  
Along with collecting climate ideas Gecko will provide letters to go to the Prime Minister

Wear something blue, a hat and sunscreen.

For more information see [www.gecko.org.au](http://www.gecko.org.au) and [www.350.org](http://www.350.org)

Contact Lois Levy 0412 724 222.
