

Guest Speaker

**Joshua Evans**

Coordinator, 2020 Vision on Waste

and

**Beth Rounsefell**

2020 Vision on Waste, Special Project Officer

## Vision on Waste

Gold Coast City Council's (GCCC) Waste Management division handles over one million tonnes of commercial, residential, construction and demolition waste and resources annually, much of which is recycled.

In 2001, GCCC developed their '2020 Vision on Waste' - a variety of projects to deal with current waste challenges and possible solutions for the future.

Joshua and Beth are both highly involved in a review of this 2020 strategy and ensuring GCCC are prepared for the impending implementation of a State Waste Levy.

Joshua is an Environmental Engineer with 12 years experience working in the fields of waste management, contaminated land, integrated water management and renewable energy, while Beth is a Process Engineer, who has completed her PHD in decentralised waste management.

**GCCC are interested to hear from you about ways to increase recycling rates and better manage waste, so come along to gain further insight and provide much valued feedback.**

Wednesday 24th Nov, 2010 | Gecko House  
6.30-8pm | 139 Duringan St, Currumbin

**All are welcome to this free\* presentation**

\* A gold coin donation is requested per glass of wine and nibbles.

Gecko presents a free guest speaker night on the 4th Wednesday of each month on topical environmental issues. For catering purposes and to prevent waste, RSVP by 3pm on the day before the event to [speakers@gecko.org.au](mailto:speakers@gecko.org.au) or call 5534 1412.

Gecko encourages vegetarian/organic/environmentally-thoughtful food options at all of its events.

“ a variety of projects to deal with current **waste challenges** and possible solutions for the **future** ”
