Biodiversity

Did you know the Gold Coast is one of the most biodiverse places globally?

Our skilled environmental educators can introduce this fascinating topic to children in a way that suits their age, illustrating how every living thing interacts to form a thriving, diverse ecosystem.

Starting at \$235, our incursions offer hands-on learning experiences that spark curiosity and deepen understanding and are crafted to align seamlessly with the nationally recognised framework of belonging, being, and becoming.

OUTCOME 2: CHILDREN ARE CONNECTED WITH AND CONTRIBUTE TO THEIR WORLD

- CHILDREN DEVELOP A SENSE OF BELONGING TO GROUPS AND COMMUNITIES AND AN UNDERSTANDING OF THE RECIPROCAL RIGHTS AND RESPONSIBILITIES NECESSARY FOR ACTIVE COMMUNITY PARTICIPATION
- CHILDREN BECOME SOCIALLY RESPONSIBLE AND SHOW RESPECT FOR THE ENVIRONMENT

OUTCOME 4: CHILDREN ARE CONFIDENT AND INVOLVED LEARNERS

- CHILDREN DEVELOP DISPOSITIONS FOR LEARNING SUCH AS CURIOSITY, COOPERATION, CONFIDENCE, CREATIVITY, COMMITMENT, ENTHUSIASM, PERSISTENCE, IMAGINATION AND REFLEXIVITY
- CHILDREN TRANSFER AND ADAPT WHAT THEY HAVE LEARNED FROM ONE CONTEXT TO ANOTHER
 - CHILDREN RESOURCE THEIR OWN LEARNING THROUGH CONNECTING WITH PEOPLE, PLACE, TECHNOLOGIES AND NATURAL AND PROCESSED MATERIALS

OUTCOME 5: CHILDREN ARE EFFECTIVE COMMUNICATORS

- CHILDREN INTERACT VERBALLY AND NON-VERBALLY WITH OTHERS FOR A RANGE OF PURPOSES
- CHILDREN ENGAGE WITH A RANGE OF TEXTS AND GAIN MEANING FROM THESE TEXTS

A vibrant Gold Coast community where people and animals, plants, water, air and earth all form a healthy, harmonious system.

We are a not-for-profit environmental advocacy and education organisation
